

Training Exercise #3 – Using Longitude and Latitude

In your role as an air traffic controller, you will need to be proficient at determining the **absolute location** of cities on the globe using an reference map containing lines of longitude and latitude.

You have already played a game to practice these skills. It is now time to **assess** your proficiency.

This exercise will help you practice these important skills. Complete this exercise and **submit** it to your teacher.

Your teacher will tell you what atlas map to use in completing this exercise. All the cities are in North America. Your teacher will also determine the margin of acceptable error.

Do not simply use an atlas gazetteer.

<i>City</i>	<i>Continent</i>	<i>Country</i>	<i>Degrees of Latitude</i>	<i>Degrees of Longitude</i>
1. Los Angeles				
2. Dallas				
3. Mexico City				
5. Vancouver				
6. Winnipeg				
7. Halifax				
8. Havana				
9. Montreal				
10. Honolulu				
11. Panama City				
12. Chicago				
13. Acapulco				
14. Reykjavik				
15. Iqualit
