Mission Statement

With a pioneering spirit we, the Community of St. Catherine of Siena, are dedicated to fostering a learning environment that encourages academic excellence, faith expression, leadership and the celebration of our individual gifts.

Healthy School Committee Projects

Our Healthy School committee has been very busy working to assist in providing a healthy and safe school. This month, we are sending home information on healthy eating including healthy snacks nutritional information and information about building healthy bones. We hope that you find these information sheets interesting and informative.

As well, our committee is interested in surveying our community on bedtime routines. Sometimes ensuring that our children get enough sleep can be difficult so we are asking you to send in your ideas and what works for you with routines at bedtime. We will compile the responses and send out the results at the end of the month. Thank you for your anticipated response to our survey!

Parking Lot Update

Now that we have our parking lot area and sidewalks cleared of the massive amounts of snow that we have had this year, we would remind everyone once again of our expectations for the parking lot.

- 1) There is no parking in the fire lane at the front of the school . Parked cars create obstacles for drivers trying to pull up and drop their children off in the morning.
- 2) If the parking lot is full, please park on the street. Our sidewalks are clear and make for fairly easy access to the school.

- 3) The bus bay is to be kept clear of cars at all times of the day. This area is for busses only.
- 4) Although children are not allowed to walk through the parking lot without an adult, please be mindful that this is a school and be very cautious when backing out of parking spots.
- 5) Please do not sit in your car with your car running. Never leave your car running and unattended.

Thank you for your support !
